

Reproduction-rights Licenses

High-quality images at very good prices

Our images are recognized as high-quality images and are distributed worldwide by the best stock agencies, Getty Images, Robert Harding, Alamy, Jupiter Images, Digital Railroad, Art.com, etc.

They are captured or digitized with the best professional cameras (medium format 6x7 cm, panoramic 6x17 cm, Nikon pro optics, 35 mm and digital cameras), professional films and scanners (Imacon, Nikon 9000 ED). Our scans are accepted by the most demanding agencies.

Buying a license directly from the photographer will easily save you hundreds of euros, GB pounds or dollars. Our prices are 50 to 80 % less than some agencies, and quality is identical.

All images in the gallery can be licensed under 4 different licenses models: classic **rights-managed**, **royalty-free licenses** , and our two new models, **Pack Plus licenses** and **Web licences** at fixed prices, which can be ordered directly in our online Shop. .

New licensing models: Pack Plus and Web licenses.

The world of photography is rapidly changing. Our new licensing models: **Pack Plus** licenses and **Web** licenses take these changes into account. We wanted to simplify image reproduction-rights licensing, making it faster and more user-friendly.

You can now pay your Pack Plus and Web licences at fixed prices in our secured shop by credit card (cards are processed by Paypal on their secure website, sensible data is not transmitted to us)

- **Pack plus licenses** define broad uses for rights-managed images, at fixed and lower prices. You do not need to spend time negotiating complex rights. There are no limits on quantities or territories for the duration of your license. Simply select a use category, pay a single flat-rate price and use the image for any need within that category, for one designated project and end-user. These licenses are available in the Shop.

- Our **Web licences** are specially formulated with internet and electronic uses in mind, at very interesting prices. There are 3 image sizes (thumbnail, image and banner) to choose from, and various durations of use depending of your project, from 6 months up to 10 years. Web licences are intended for one single use on one website or in one publication or email campaign. These licenses are available in the Shop.

- **Rights-managed** and **Royalty-free** classic licenses are still available for all projects that are not covered by the new licences. Please use the [reproduction-rights form](#) provided to define your use and get a quick quote from us.

Licenses

Licenses	Rights	Prices
----------	--------	--------

Droits Gérés	By use, important factors: territory, duration, image size, etc	Are dependent of granted uses: defined by above factors. You need a quote.
Pack Plus	By broad uses categories. License is tied to a project and end-user.	Flat-rate by broad use category, depending of image size, but not of duration, territory, etc. Can be ordered and paid directly online, without quote or negotiation (We are still open to negotiation for multiple images, very small businesses or special projects).
Web/electronic	For internet (editorial and commercial), intranet, electronic media only.	Flat-rate depending of image size and duration of use, but not territory, etc. Can be ordered and paid directly online, without quote or negotiation (We are still open to negotiation for multiple images, very small businesses or special projects)
Libre de Droits	Unlimited rights	Flat-rate depending of image size. You need a quote and not available for all images. Please contact us.
